to register

Join us for MilliporeSigma's Rapid Diagnostic Test Development Conference! This is your chance to learn from leaders in the industry and elevate your rapid diagnostics expertise.

This conference features in-depth discussions on vital topics like risk mitigation, in-process validation, and material selection, equipping you with actionable knowledge to transform your work.

View the agenda and registration info [here](#).

Spaces are limited! Don't miss this opportunity to shape the future of *in vitro* diagnostics.

Topic	Presenter
Rapid Point of Care Market Overview	MilliporeSigma
Instrumentation for Point of Care: Function, Options, Compliance, and Value in Lateral Flow Assay Applications	Axxin Pty Ltd
Robustness and Scalability – Essentials for a Successful Transfer to Manufacture	BBI Solutions
B-Cell Cloning, Recombinant Mouse IgG, and Antibody-related Capabilities	MilliporeSigma
Developing Protocols Involving Magnetic Beads in Manufacturing Processes. What Do We Overlook?	Sepmag, Spain
Alternate Sample Types: Challenges and Solutions With Saliva as a Case Study	Palladium Diagnostics, USA
Lateral Flow Design and Development; Advances in Molecular Crossover	Abingdon Health
Taking your Concept to the Clinic: The Advantages of Outsourcing	MilliporeSigma
European Regulations for IVDS	TÜV SÜD
The Quality Roadmap from IVDs to Commercial Custom Assay Development	MilliporeSigma
